

Policy

QUALITY POLICY 2021

OUR AMBITIONS

It is Welltec's continued ambition that:

- Welltec's products and services comply with the highest degrees of industry requirements;
- Welltec exceeds the quality expectations of our customers;
- Welltec continuously applies processes to facilitate improvement in Welltec's quality performance;
- Welltec is positioned at the forefront of applying cutting edge technology and engineering to solve the challenges of our customers;
- Welltec has a novel and innovative approach to providing the solutions to existing challenges in our industry;
- Welltec always acts with agility, flexibility and speed to meet or exceed customers' expectations.

HOW TO ACCOMPLISH OUR AMBITIONS

We will accomplish our ambitions by:

- Pursuing our Vision and Mission statement and by applying Welltec's values in this pursuit;
- Committing in meeting customer as well as statutory, regulatory and other requirements;
- Continuously improving the Management System and its effectiveness;
- Strive for a zero defects within planning and execution of our service and product deliveries;
- Identification and effective mitigation of possible risks to safety or customer satisfaction;
- Continued search for new knowledge to develop improvement in our deliveries and our applied technologies;
- Eliminating "this is not possible" from our vocabulary, when it comes to developing innovative solutions;
- Rigorously train, develop and challenge our people to perform to the utmost of their abilities;
